

Impressions from the Grand Opening Party on June 30th 2007

Mayor Mr. Metzger handed out the big key and the blazon from Bretten

Due the anniversary of a big battle in 1504 on the same weekend, the mayor wore the traditional wardrobe and his heavy mayor-chain.

The whole place was decorated.

We could welcome round about 300 guests.

Nice people, nice weather, fine food, enough to drink and good musik, all a good party needs.

Our guests got guided tours through the company

The tour ended with presentations in our meeting-room

We displayed some of our products in a pavillion

and we did some car-demos on our new off-road-race-track

In the afternoon - „BOB-the band“ with our R&D member Rene Stemmler (right) rocked hard till the end of the party.

Mr. Park in discussion with MULTIPLEX founder Mr. Kußmaul
